

April 4, 2017

W. Arrasmith (DES), M. Baarmand (PSS), P. Bernhard (Sch. of Computing), J. Brenner (Chem. Eng./Biomed. Eng.), K. Burke (SAC), P. Converse

Dr. Baloga responded that hard copies of appointment

Sen. Brenner asked if the summer enrollment minimums of 16 for undergrad

Sen. van Woesik asked what the incentive would be for students to complete the evaluations.

Mr. Donath indicated that it would be up to the instructor.

Dr. Baloga recommended using classtime, when there is a captive audience, so students do not get all of the alerts.

Sen. Arrasmith asked if survey completion could be built into grade reporting?

Dr. Baloga responded that grades cannot be withheld for evaluations, but providing advance grade

Dr. Bonhomme suggested gathering experience data from other universities that

es and deans can see the results for all faculty in their unit. The analytics can be set up so individual faculty can compare their individual results with those of other faculty.

Sen. Brenner asked if summer term would be possible within the pilot window.

Mr. Kledzik

Mr. Donath responded that studentsMr.

Sen. Baarmand replied that we usually do not have press and usually do not have a check to give.

Sen. Perdigao recommended that someone

Pres. Sandall, chair of the ad hoc Tenure Exploration Committee, announced that 17 faculty members had expressed interest in serving on the committee so far. He will send a request to everyone who expressed interest to meet once before finals and then the committee will begin meeting regularly
